The Director of Central Intelligence

MEMORANDUM FOR: Director, National Security Agency/
Chief, Central Security Service

SUBJECT: Unauthorized Disclosures of Classified Information

1. I share the concern expressed in your memorandum of 15 June 1983, Serial: N0844, about the continuing publication of classified information. The security of intelligence sources and methods surely is eroded by such disclosures. Even though specific damage may be difficult to identify immediately, serious consequences may occur over the long term.

25X1 2. Since you have requested the Deputy Under Secretary of Defense for Policy to initiate investigation of these incidents, I can only offer you my wholehearted support. If you would consider it helpful, I will have the Chairman of the DCI Security Committee request the SECDEF's State Department member to look into the [redacted] which may have as its source an Arms Control and Disarmament Agency report. Please advise if you wish this action. 25X1

3. If investigation produces information warranting it, I will be pleased to initiate or concur in a request that the Attorney General bring to bear the resources of the Department of Justice and the Federal Bureau of Investigation in these cases.
